

Equi-Dex® Paste

Nutritional Supplements

Product Description

This fast-acting, cherry-flavored electrolyte paste replenishes salts and minerals including calcium, dextrose, magnesium, and potassium essential for bodily activity and maintaining hydration. The 3-serving size tube makes it both economical and easy to administer whether you're in the barn or out riding.

Directions For Use

Give 1 serving (20 cc or 1/3 tube) to back of the horse's tongue as needed. Each tube contains 3 servings; 1 serving – 28 g

Species

Horses

MPN	SIZE	CASE
