# FLAXSEED OIL

in SOYBEAN OIL

A natural source of Omega-3 Fatty Acids essential  
for healthy skin, coat and hooves in multi-species.  
Contains cold pressed, organic Flaxseed Oil.

**NET CONTENTS:**  
1 GALLON  
(3.78 L)

**firstCompanion®**  
VETERINARY PRODUCTS

First Companion Flaxseed Oil is one of the richest natural sources of Omega-3 and Omega-6 fatty acids, including alpha-linolenic acid (ALA) derived from plant seeds. Horses require a minimum level of fat in their diet for optimum health. Omega-3 and Omega-6 are essential fatty acids and as such, must be supplied in their diet or through supplements.

**FEEDING DIRECTIONS:** Flaxseed Oil should be top dressed or mixed with normal feed ration. As a general rule of good feeding practice oils should be introduced gradually.

**HORSES:** 1000lbs total body weight, feed 1 to 2 ounces daily. Horses 500lbs total body weight feed 1 ounce daily.

**DOGS:** under 25lbs body weight 1 tsp, 25lb-50lb 2 tsp, over 50lbs 3 tsp daily.

**CATTLE:** 1 to 2 ounces per day regardless of weight.

**GOATS & SHEEP:** 1/2 ounce per day.

**PIGS:** 1/2 to 1 ounce per day.

This product is intended for supplemental feeding.
