

Povidone Iodine Solution 10%

Cleaners & Disinfectants

Product Description

A water-based, antiseptic microbicide used to kill gram-negative and gram-positive bacteria, fungi, viruses, protozoa, and yeast. This non-irritating, non-staining solution can be used on animals' skin and hair in preparation before or after operative procedures. Non-staining to skin, hair, and natural fabrics.

Directions For Use

Apply full strength as often as needed. Wet area thoroughly to ensure complete coverage and penetration but avoid "pooling". May be covered with bandage if necessary.

Storage

Store at controlled room temperature between 20°-25°C (68°-77°F). Excursions permitted between 15°-30°C (59°-89°F). Store in original container.

Species
